**** If public Encouragement is a Proof of Merit, The Complete History of England may be justly reckoned one of the most celebrated Productions of the Age. Since its first Appearance, in 1758, near Twenty Thousand Copies have been sold; a Circumstance unknown in any other Age or Country. It has been translated into foreign Languages, and many Persons of the highest Rank and Importance have signified their warm Approbation of that free and independent Spirit which appears so remarkably in every Part of it.—This Republication in Weekly Numbers, is in Compliance with the earnest Request of many People who desire to be possessed of such a valuable and entertaining Work; in which the Superfluities of the Author's Predecessors are retrenched; and the Public is presented with a Succinct, Candid, and Complete History of England, more easy in the Purchase, more agreeable in the Perusal, and less burthensome to the Memory, than any Work of the same Nature produced in these Kingdoms.*
